History of the world Wikipedia

The history of the world, in common parlance, is the history of humanity (or human history), as determined from archaeology, anthropology, genetics, linguistics, and other disciplines; and, for periods since the invention of writing, from recorded history and from secondary sources and studies.

A History of the Roman People Celia E Schultz Allen M

A History of the Roman People is an excellent introduction for those with no background in Roman history. Its clear, accessible language makes it perfect for undergraduate readers in courses on Roman history and Roman culture. More experienced students wanting to expand their knowledge will also find it a rich resource for the full sweep of Roman antiquity.
