Global Citizenship Education addresses the intersection of globalization, education and programmatic efforts to prepare young people to live in a more interdependent, complex and fragile world. The book explores topics such as sustainability education, cultural diversity, and human rights education, offering critical insights into how these facets of GCE are interpreted around the world.

Citizenship Education around the World Local Contexts and

"Citizenship Education around the World offers valuable insight into the educational history and present conditions of individual countries and counters the idea that true citizenship education is best understood in narrow economic terms. This is an important addition to the critical literature on comparative education policy as well as to the growing body of critical work on the aims and
