Conservation and the City Taylor Francis Group

Conservation and the City is a study of conservation and change throughout the built environment - city centres, suburbs and even tiny villages - and how the activities of conservation interact with the planning system. Using detailed case studies from Britain and the Westernized world, the author examines some of the key social, economic and psychological ideas which support conservation, as

Current Projects City of Ottawa

The City will be preparing two new Heritage Conservation District Plans that will describe the heritage values and attributes of each district and will include policies and guidelines to manage future change within them. You will be notified when the draft plans are ready for comment, which is likely to be in early fall 2019.
