The security of small states in the international system

Small states risk being subjugated unless the international community can demonstrate the capability and commitment to provide an effective deterrent against domination by larger, stronger states.

<http://sandrias-birmakatzen.de/The-security-of-small-states-in-the-international-system-.pdf>

Small States and International Security Europe and beyond

Small States and International Security: Europe and beyond 2014. Routledge. Pages: 264. ISBN 978-0-415-62998-0. This book is a collection of articles written by various international scholars who analyse the security challenges of small states in a contemporary and global context. It is divided into three parts containing a number of different chapters. The first part examines the security of

Small States and European Security Bundesheer

Small States and European Security The question of who or what is a small state in international relations literature has generated a considerable but inconclusive literature. The seminal contributions on this issue tend to suggest that there are a number of factors that cumulatively define the presence of a small state, or otherwise. For instance, some have argued that a certain type of behaviour

The Security Of Small States Part II Colombo Telegraph

The latter would mean that a big state should refrain from interfering in the small neighboring states of another big state. That would amount to peaceful co-existence which would eliminate security preoccupations allowing untrammled freedom for small neighboring states. A group of small states should move in this matter through the Non-Aligned Movement and the UN. It is a matter on which the
