The Power of Language Multilingualism Goethe Institut

The power of language shows itself not only, and not primarily, in the language of power, of overpowering and repression, but also in its emancipatory potential, in the opening of other and new possibilities of speaking, and so also of thinking and acting. All speech ineluctably refers to a possible contradiction, every yes to a possible no , every assertion to a possible doubt.

population who speak English and their proficiency in it. Language proficiency can also (partially) explain the composition of the global elite. Namely, the movers and shakers of the world tend to have an English-speaking bias. That is, countries with low English proficiency count fewer members of the global elite than expected relative to population, GDP or number of billionaires.⁷ Thus

Language power Wikipedia

Language power (LP) is a measure of one's ability to communicate effectively in a given language,

specifically one that is not native to the speaker. Current instructional programs throughout the world continue to attempt to teach enrollees how to communicate in a second language yet they struggle.
